Call Tracker - 2, 4 or 8 Line Analog Recorder

Call Tracker is a complete stand-alone call recording solution, no host PC is required and installation is quick and simple. Call Tracker connects directly to your phone lines and records all of your calls onto its built-in memory. Compatible with Analog phones/lines or with a PBX, every call detail is recorded.

By connecting Call Tracker to your data network/Internet you unleash powerful integration, reporting alerting and management features attributed with call recorders costing many, many times more.

These features include SMDR integration with popular phone systems for full extension side reporting, web based reporting, management and secure cloud based call storage and that's just the start. The video below shows the Call Tracker Manager interface used to listen to and review calls.

Call Tracker 2 Line Price \$475.00 plus annual license fee \$60.00 (required) Cost \$535.00

Call Tracker 4 Line Price \$800.00 plus annual license fee \$100.00 (required) Cost \$900.00

Call Tracker 8 Line Price \$1,475.00 plus annual license fee \$185.00 (required) Cost \$1,660.00

VoIPBox - Hosted VOIP Phone Recording

The VoIPBox from Intelligent Recording provides a compact, turn-key Stand Alone Call Recording Solution for those wanting full time recording for IP Telephones without the need to pay a monthly fee to your hosted telephone provider.

The VoIPBox is delivered with software specific to your requirements already installed. All that's required on site is some simple connections to your router and our pre-programmed hardware. Hosted VOIP recording made simple!

The Best of Both Worlds - Hosted and Secured! Some resources are best shared and hosted in The Cloud, your recorded calls are not one of them. Your communication is hosted, but your recordings are secured and under your direct control. You decide where to store them and how long to keep them - Without monthly service fees or concerns that if you change host providers they will be lost or compromised. VoIPBox Telephone Call Recording - The Best of Both Worlds!
